

ME 496 PROJECT REGISTRATION FORM

Student Instructions: A student may not register for ME 496 unless he/she has obtained prior permission from a member of the ME faculty who will serve as the student's project supervisor. After obtaining this permission, the student will fill out the statements below and obtain their advisor's signature as well as the signature of the faculty member supervising their research. The approved form must be turned in to 139 Reber Building. After doing this, the student will be registered for the appropriate section of ME 496.

NOTE: Students can use a maximum of 6 research-related credits towards degree requirements. These credits may only be used towards ETE and GTE credits. Research-related credits include ME496, ME494H, honor thesis-related credits, and other department-approved 494/496 credits received from the College of Engineering, the College of Earth and Mineral Science, and the Eberly College of Science. Students must submit a course substitution to obtain department approval for research credits outside ME.

Faculty Instructions: ME can only be supervised by ME faculty. Faculty supervisors should carefully review the qualifications of each student to make sure he/she meets the current ME requirements for taking ME 496. Faculty unsure of the requirements may check with the Associate Head of Undergraduate Programs in 139 Reber Building.

Student Name _____

Student ID # _____ GPA _____ PSU Email: _____

Semester to be enrolled _____ Number of credits to be taken _____ (1-3 credits)

Brief Statement of work to be performed:

Equipment & Laboratory Facilities Required for the Project:

Project Supervisor Signature Approval: _____ Date: _____

Project Supervisor Print Name: _____ Email Address: _____
