

Teaching Assistants/Graders for ME 320, Fall 2024

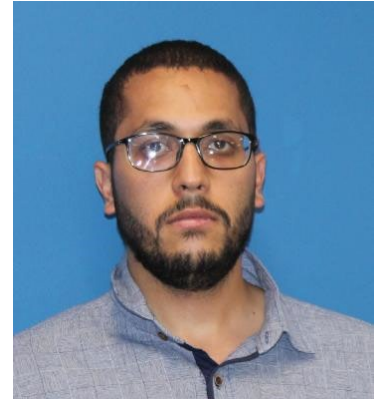

Prepared by Professor J. M. Cimbala, Penn State University
Latest revision: 12 September 2024

General Information:

- The TA/Grader grades all homework.
- Contact the TA/Grader for questions about course content and homework.
- **The TA/Grader has nothing to do with the quizzes or final exam.** Professor Cimbala handles all of that, so please do not ask the TA/Grader anything about your quizzes or final exam.
- Many routine questions about homework and course content can be handled via email. Always email both Professor Cimbala (jmc6@psu.edu) and our TA when you have questions about homework. One of us will be able to get to your question first.
