

# M E 521 Exams, Fall 2017

Prepared by Professor J. M. Cimbala, Penn State University  
Latest revision: 15 December 2017

## General Information

- All exams for this course consist of a mix of True/False, Multiple Choice, Matching, and Completion problems, for a total of 100 points per exam.
- All exams are **closed-book, closed-notes**, but an equation sheet will be provided as needed.
- **World Campus Students:** Special arrangements will be made for you to take your exams via **ANGEL**. Details to be announced later.
- **Coverage:** All exams are *comprehensive*, but weighed more heavily on material since the previous exam.
- Your exam grades will be uploaded to the Canvas website for this course.
- Statistics about the exam results will be posted below, within a few days after everyone has taken the exam.

## Exam Equation Sheet

- The **Equation Sheet** for the whole course is posted here as a pdf file, [Equation sheet ME521.pdf](#). You may study this equation sheet before the exams to familiarize yourself with the layout, etc. to avoid time searching for equations during the exams. *Note*, however: **Do not bring a copy of this equation sheet to the exams, since the exams are closed-notes**. Identical pages (as needed) from this equation sheet will be attached to the actual exams.
- This equation sheet is also a good reference to use for homework and for study.

## Midterm Exams

- There will be *two* midterm exams during the semester, scheduled for **Friday September 29** and **Friday November 10**, in class.
- World Campus students will be given a range of time in which to take the exam, typically starting on Friday afternoon when the University Park students take the exam in class and ending at 2:00 pm on Sunday afternoon. Note that though you may start any time you want, you will have only 60 minutes to complete the exam.
- **Coverage:** In general, *coverage is up to and including the Monday lecture during the week in which the exam is administered*.
- You will have  $\approx 50$  to 60 minutes to take the midterm exams (during class). Please spread out as much as possible (every other seat). Please arrive early so that you have as much time as possible to complete the exam.

## Final Exam

- The **final exam** is scheduled for: **Monday Dec. 11, 4:40-6:30 pm, 7 Business Building**.
- You will have 1 hour and 50 minutes to take the final exam. Please arrive early and spread out as much as possible (every other seat).
- For World Campus students, arrangements will be made for the final exam similar to the midterms.
- The final exam is **comprehensive**, covering material from the entire semester.
- The final exam will be of the same format as Exams 1 and 2 (some true/false, multiple choice, short answer completion, and longer completion problems; total 100 points).
